

Subject: **Enhance Your Workforce with Qualified EB-3 Non-Skilled Workers**

Dear [Employer's Name],

I hope this message finds you well. My name is [Your Name], and I am the CEO of US Green Card Services, a dedicated organization specialized in facilitating the employment of immigrants under the EB-3 visa program. Our website, www.govisusa.com, offers comprehensive insights into our services and the benefits we bring to businesses like yours.

In industries across the United States, from hospitality and construction to manufacturing, companies face significant challenges in filling entry-level and non-skilled positions. Retention in such roles is an ongoing issue, with sectors experiencing chronic labor shortages that impede business growth and operational efficiency.

At US Green Card Services, we understand these challenges intimately. We assist businesses in navigating the complexities of the EB-3 visa program, enabling you to hire committed and qualified non-skilled workers from countries like Mexico, Brazil, Cambodia, and more. These individuals are eager to build their careers and lives in the U.S., bringing dedication and stability to the roles they fill.

How We Can Help:

1. **Streamlined Hiring Process:** We specialize in the EB-3 visa category, focusing on roles that do not require a minimum of work experience or education. This opens up a broader talent pool, allowing for quicker onboarding and training processes.
2. **Compliance and Qualification:** Our team ensures your business meets all federal requirements for hiring EB-3 workers, including prevailing wage determinations and demonstrating the financial ability to pay the offered wages.
3. **Dedicated Support:** From identifying the right candidates to handling the intricate details of the visa process, we provide end-to-end support. This frees you to focus on your core business activities while expanding your workforce with reliable employees.
4. **Economic Benefits:** By filling labor shortages with EB-3 workers, you can reduce turnover, enhance productivity, and foster a diverse workplace culture that drives innovation and growth.

We believe in creating win-win solutions for both employers and immigrants seeking a better life in the U.S. I would welcome the opportunity to discuss how we can address your staffing needs and contribute to your company's success.

Please feel free to reach out to me directly at [Your Contact Information] to schedule a consultation or to ask any questions you may have. Thank you for considering this opportunity to enhance your workforce with dedicated and hardworking EB-3 employees.

Warm regards,

[Your Full Name]
